

Admin Console – Managing Users

Adding, disabling or enabling users consist of a three step process.

To add a user account, follow these steps:

Note: you can add many user accounts, however, only a number of these accounts can be enabled at any point in time. The number of enabled users cannot be greater than the number of licensed users.

- 1) Login to **Admin Console** using your admin username/password.
- 2) Click on **Users** from the menu on the left side of the screen.
