COST OF DATABASE CONVERSION SERVICE

\$1,000 per database converted.

We guarantee that we import your data as indicated on the above chart or your money back. We do not offer any other guarantees.

NOTE: Multiple databases could be merged into one. Migration of multiple databases does not check for duplicate records.

GUARANTEE

Within a reasonable time following receipt of your data files, we will let you know if we can import your files, and how much it will cost you. After the conversion, you have two business days to check your converted data in eIMMIGRATION. If we did not import your data per above chart then we will remove your data from eIMMIGRATION and you pay nothing.

This guarantee does not cover situations where the data files you send us contain the wrong or incorrect data, they do not contain enough data, you sent us the wrong files, or you change your mind.

SENDING US YOUR DATA FILES

Following is provided for information only. It remains your responsibility, and your vendor's responsibility, to send us the latest copy of your database in a format that can be imported into eIMMIGRATION.

We have successfully imported data from legacy products using data files listed below:

LawLogix	FRM_nnnnnnnnn Folder that contains at least Data and OnDocs folders
INSZoom	Data folder that contains .CSV files
Immigrant Pro	Data folder that contains .DBF and .DBT files
Tracker (Desktop/Cloud)	SQL Server database files (.MDF + .LDF) or a .BAK (backup) file
BlueDot	SQL Server database files (.MDF + .LDF) or a .BAK (backup) file
Clio	CSV files exported from Clio
MyCase	Backup folder that contains .CSV files
