Cerenade E-Applications bridge the gap between applications and E-Forms. Cerenade E-Forms framework, including Designer and FormsServer, enables enterprises to create process-driven applications that dramatically enhance user experience while reaching virtually anyone on any platform. Cerenade E-Applications offer a rich, scalable, non-intimidating, elegant, easy, interesting, inviting and robust environment for more accurate data collection. Cerenade E-Applications provide both Wizard and Print Preview modes in real-time.
